PROFESSIONAL SUMMARY

Maurice Nnamdi Mbaeri, PhD, is a seasoned public administrator, financial strategist, and Fellow of the Institute of Chartered Accountants of Nigeria (FCA), with over 30 years of distinguished service in both the public and private sectors. His career reflects deep expertise in governance, financial management, institutional coordination, and public policy execution.

Until July 2025, Mbaeri served as the **Coordinating Permanent Secretary, General Services Office (GSO)**, Office of the Secretary to the Government of the Federation (OSGF). In this strategic role, he provided leadership and oversight to four other Permanent Secretaries within the OSGF and was responsible for managing the nerve center of Nigeria's executive administrative machinery. He played a pivotal role in internal administration, human resource management, financial planning, policy coordination, and the oversight of 22 parastatals under the Presidency.

His leadership at the GSO advanced the effectiveness and integrity of government operations, including the coordination of national policies, political appointments, inter-ministerial engagements, and support services for presidential committees and panels. Dr. Mbaeri was also instrumental in budgeting, internal control systems, and reform initiatives that promoted transparency, accountability, and prudent resource management across federal agencies.

Appointed Permanent Secretary in 2018 Mbaeri rose through the ranks of the Federal Civil Service with a track record of operational excellence and reform-minded leadership. He worked closely with the two Presidents through the Secretaries to the Government of the Federation to promote national security, good governance, and sustainable development through a strategic leadership model built on creativity, discipline, and service.

His technical competencies span financial control, asset and working capital management, and the implementation of public sector reforms. His contributions have strengthened internal financial systems and improved institutional performance across multiple Ministries, Departments, and Agencies (MDAs).

Mbaeri is widely respected for his team-oriented leadership style and results-driven approach. He has represented Nigeria in several international and local conferences, contributed to policy literature, and served on numerous federal boards and high-level committees.

Mbaeri is a happy family man, dedicated to public service and community development
